## *Retain These Thoughts, Please*

Kindly remember that the Braves Field will be the scene, July 8th to 24th, (Sundays excepted) of the most beautiful, colossal, spectacular, patriotic entertainment ever staged in Boston. You will get increased enjoyment because in a great part its scenes and action will depict the more important historical events of the Revolutionary period.

Aleppo Temple has sent you tickets to dispose of to the public at large, or for the use of your family. Probably you have already sold a number of the tickets. If you have done this kindly make it an objective to dispose of the remainder and mail your check, with the book covers attached, to Campaign Headquarters, 262 Washington Street, or call in person. The campaign rooms are 108 and 109, under the Shrine offices.

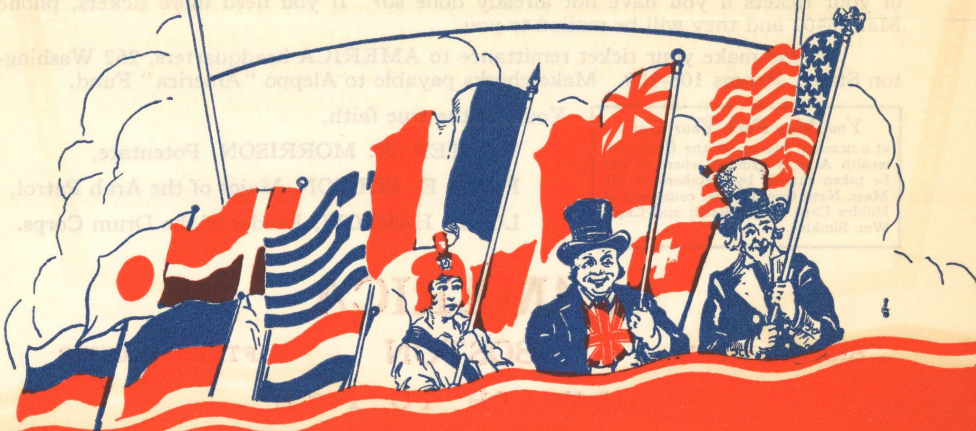

If you desire more books to sell, 'phone Main 5401 and they will be mailed to you immediately. You will recall, from the information in the first letter you received, that five costly Shrine emblem pins will be given to the Nobles who sell the largest number of tickets.

Aleppo's entertainments are always the best. That the public heartily vouch for. In the presentation of the production "AMERICA," the Committee proposes to eclipse all previous efforts. "AMERICA" will surprise, thrill and please you.

And it will be clean, Noble, absolutely clean — a big, wholesome, gorgeous event, patriotic in sentiment and yet a wonderful entertainment, closing with the most remarkable fireworks ever shown in Boston.

This Leviathan of outdoor spectacles, sponsored by Aleppo Temple Patrol and Drum Corps, will be an epoch in the history of the Shrine. Words and phrases are inadequate to properly describe it. It is a presentation builded on the 150th anniversary of the signing of the Declaration of Independence, on July 4th, 1776, and is given in commemoration of a century and a half of AMERICAN INDEPENDENCE.

For a number of weeks local scenic artists have been at work in the preparation of the scenery for this wonderful event. They have transferred to canvas replicas of the Old North Meeting House in Boston, and other historic places of the Revolutionary days that still stand in and about the city. Other artists have designed costumes of Colonial Days, the Continental Army, and the nations of the world. "AMERICA," as presented by Aleppo, will be a decided revelation.

## NOW FOR A NEW RECORD.

All Boston should see this super spectacle. Every man, woman and child is a prospective purchaser of tickets. Have you disposed of your two books? Let us fill Braves Field and establish a new record. If we can count on you our fondest expectations can be realized.

Thousands of good seats are available for the holders of the General Admission Tickets. Comparatively few seats will be reserved in comparison to the great capacity of Braves Field.

## NOBLES OF ALEPPO:—

Too much cannot be said of the magnitude of the forthcoming patriotic spectacle "AMERICA" which will be presented at Braves Field for fifteen nights, starting July 8.

Every Noble of Aleppo will feel proud of this historical extravaganza, designed as a memorial to our Revolutionary Heroes, and staged in commemoration of one hundred and fifty years of American Independence.

Contrary to what some might believe, this production includes the latest development in outdoor entertainment with a galaxy of sensational star attractions presented on three mammoth stages. The dramatic features of the spectacle offer a series of interesting episodes and the elaborate scenic and electrical effects produce an ever changing panorama of color and beauty.

No concessions or midway features are a part of this stupendous enterprise. Not one thing to which the most fastidious could take exception or criticize.

A few days ago you were mailed two books of tickets. We trust that you have not overlooked nor mislaid them. We are counting on every Noble of Aleppo to put across this gigantic undertaking.

We want every man, woman and child in Boston and vicinity to see this super production. Ample seating facilities are available at Braves Field. The general admission ticket is all that is needed for a good seat. Why not start right now and dispose of your tickets if you have not already done so? If you need more tickets, phone Main 5401 and they will be mailed to you.

Please make your ticket remittance to AMERICA headquarters, 262 Washington Street, Rooms 108-109. Make checks payable to Aleppo "America" Fund.

# The Stupendous Sesqui-Centennial Outdoor Fireworks Spectacle

1776

“AMERICA”

1926

A massive scenic setting six hundred feet in length and forty feet in height will be the background for the spectacle of the hour “AMERICA.” Batteries of hundreds of high powered electrical lamps will be utilized in providing the varied lighting effects. Three stages will support an assemblage of hippodrome and circus acts. A thousand persons are included in the huge pageant. Nothing like it has ever been attempted. You will feast your eyes on the most gorgeous fireworks ever displayed.

When the trumpets herald the opening episode, you will witness a grand entry depicting “AMERICA”, the melting pot of nations. Hundreds of characters representing every nationality in the world, horses, elephants and camels, gorgeous costumes, hundreds of ever changing colored lights, a thousand waving flags, two massive bands, dancing girls — all combined and blended into the most beautiful opening extravaganza ever designed in an outdoor spectacle.

Beautiful dancing girls, Arabian whirlwind tumblers, daring equilibrists, dainty equestriennes, performing elephants, funny clowns and dare devil aerialists will keep the three stages alive during the succeeding episodes of the great super-spectacle “AMERICA.”

You will sit spellbound, witnessing the historical pageant. The American Revolution will be enacted before your eyes, as realistic as modern theatrical art will permit. You will be carried back one hundred and fifty years into another age to awaken only at the great climax. You will see the Boston Tea Party, that incident that barked defiance to a tyrannical King. You will be thrilled when you witness Paul Revere on his midnight ride shouting, “The British are Coming!” Your red blood will tingle during the Battle of Lexington and Concord. You will marvel at the wonderful scenic effects while Washington crosses the Delaware, and you will sit breathless during The Battle at Yorktown and feel patriotic emotions when the Star Spangled Banner is unfurled in the skies as Cornwallis surrenders to Washington and thousands of rockets and bombs are released.

Months have been spent by the producers in arranging the details of the greatest spectacle of all time. The finest talent in the country has been secured to entertain you. New ideas, new effects, and new novelties have been included. Words cannot describe “AMERICA” — it is for you to see.

BOSTON, MASS.

July 19, 1926.

Dear Noble:

The great patriotic pageant now being presented at Braves Field, Boston, bearing the title "AMERICA," has been given a clean bill and acknowledged by 40,000 patrons to be the best show ever produced in Boston.

It has received the enthusiastic praise of everyone who has seen "AMERICA." It has made every patron a booster. You hear it talked about in words of praise wherever you go. City and State officials, school teachers and the press join in appreciative comment for the stirring lessons of patriotism that are revealed and that hold the spectator in gripping interest. The three stage performances serve to make a bewildering presentation of the best acts ever given in one show.

Robinsons' Elephants, wonderfully intelligent, are well worth the entire price of admission, and the fireworks which close the show each night are absolutely the finest the Boston public has witnessed.

"AMERICA" is worthy of your patronage and if you have not already attended a performance it will be well worth your while to come with your family and your friends. We appeal especially in this letter to some 8,000 Nobles who have not as yet made any returns on their tickets. If you will use some of these tickets and sell as many as possible the financial returns will be such that we will forever be proud of the fact that we sponsored "AMERICA."

We guarantee the show will please you.

Kindly make checks payable to Aleppo America Fund and mail to rooms 108 and 109, at 262 Washington Street. Should you desire additional books of tickets, call Main 5401 and they will immediately be sent to your address.

Please bear in mind that any seat in the entire grandstand, with the exception of the boxes, is free to every holder of a \$1.00 ticket. Box seats may be secured at M. Steinert and Sons music house, 162 Boylston Street. We have on sale at the Braves Field each night 10,000 bleacher seats at 50 cents each, including admission. The admission for children, including grandstand seat, is 50 cents.

Yours in the Faith,

WALTER MORRISON,
